1.0 Introduction

This Statement of Purpose gives details of Together for Children Sunderland Adoption Service, which is a partner in Adopt Coast to Coast, a Regional Adoption Agency. The other partners are Cumbria County Council and Durham County Council. Adopt Coast to Coast was launched on the 1st April 2021.

The Together for Children Sunderland's Adoption Service is based in Sandhill Centre, Grindon Lane, Sunderland, SR3 4EN.

This Statement of Purpose will provide useful information for children and young people, birth families, and prospective adopters, adopters, Together for Children Sunderland Board, elected members and staff.

The Statement of Purpose will be reviewed at least annually and amended as necessary. It will also be updated to accommodate changes in legislation, practice, policies and priorities as required.

Within 28 days of any amendment the Adoption Statement of Purpose must be sent to the Chief Inspector of OFSTED (Office for Standards in Education) and published on the provider's website.

2.0 Legal context

The Statement of Purpose fulfils the requirement of Standard 18 of the Adoption National Minimum Standards 2011 (Care Standards Act 2000) and of the Local Authority Adoption Service (England) Regulations 2003 and the Adoption Agencies (Miscellaneous Amendments) Regulations 2005.

The work of Adoption Services providers in England is governed by the Adoption Agencies Regulations (2005). The Regulations and National Minimum Standards are used in the inspection and registration of Adoption Agencies.

Recent Amendments in the Children and Families Act 2014 update and streamline adoption process and details of this are contained within the statement.

The Statement of Purpose will be submitted for the approval of Together for Children Sunderland Board and shared with Elected Members. It will be reviewed and updated on a regular basis, at least annually, and amended when required.

3.0 Aims and objectives

The Adoption Act 2002 promotes adoption as an option for permanence for Cared For Children. The Act places the needs and welfare of the child at the centre of the adoption process and makes the welfare of the child the paramount consideration for a court or Adoption Agency in all decisions relating to their adoption.

Together for Children Sunderland aims to ensure that all children grow up as part of a loving, caring family who can meet their needs for security, stability and quality care throughout childhood and into adulthood.

Where children are unable, for whatever reason, to live within their own birth family, a range of services and resources will be provided, designed to assist families in providing care for their children. Where that is not possible, Together for Children Sunderland aims, through its Adoption Service, to find permanent alternative families who will promote the child's wellbeing and development by providing the highest possible standards of care according to his or her individual assessed needs.

- Work in partnership to deliver the “hub and spoke” model for Adopt Coast to Coast through collaboration in respect of its statutory adoption functions
- Provide child-centred services
- Deliver a high-quality accessible service to adopters and potential adopters

- Provide an accessible independent service for birth families affected by adoption
- Create strong partnership working with Local Authorities, the Voluntary Adoption Agencies and universal services
- Offer a service which is high-quality and provides good value for money

The purpose of the service is to achieve the best possible outcomes for adopted children and their families. We work to ensure that our children are:

- Safe and secure in nurturing and caring homes; they remain healthy; achieve to the best of their abilities and become positive, independent adults.

To achieve the best possible outcomes for children and all of those affected by adoption, the Adoption Service will work to the following objectives:

- To meet the requirements of the Adoption and Children Act 2002 and associated standards, regulations and guidance.
- To ensure that the needs, wishes, welfare and safety of the child are at the centre of the adoption process as presented in the Welfare Checklist (Adoption and Children Act 2002: Section 1).
- To promote good practice in adoption and provide good service outcomes to all those involved in the adoption process that are consistent with best practice.
- To contribute to Together for Children Sunderland's work and positive outcomes for children, by making timely decisions about permanence for each child, following a thorough assessment of their needs to which all relevant people have contributed.

- To ensure that effective mechanisms are in place that ensure timely decision-making processes, which include ensuring that children with an adoption plan are placed without undue delay.
- To ensure that adoption is considered as a positive option for achieving permanence outcomes for children who cannot be cared for within their family of birth.
- To ensure that birth families members are treated fairly, with respect and openness throughout the whole adoption process and that they can access appropriate adoption support services.
- To recruit and maintain sufficient diversity and numbers of prospective and approved adopters who can meet most of the needs of those children who have adoption as their plan. This will include needs arising from race, culture, ethnic origin, religion, language, disability, gender and sexuality.
- To ensure that the adoption preparation process prepares adopters as well as possible for the task of parenting adopted children.
- To provide a child-centred matching, introduction, and placement process and to provide safe placements for children that will promote equality and value diversity.
- To provide a point of contact for people living in the Sunderland area and a range of adoption support services aimed at preventing the disruption of adoptive placements and which assist adoptive families, adoptees and birth families with the lifelong impact of adoption.
- To improve performance in adoptions for Cared For Children, including the percentage of children who are adopted from care, to meet national targets.

- To ensure that staff involved in adoption work have appropriate and sufficient skills, knowledge, access to training, experience and appropriate supervision to deliver an effective and efficient service.
- To ensure that applicants for inter-country adoption receive appropriate counselling, advice and information, and that such adopters are helped to progress appropriate preparation, assessment and matching services.
- To provide statutory services for children brought into the UK with an intention of adoption and who reside in Sunderland.
- To ensure that adopted people over the age of 18 receive appropriate counselling, advice and information.
- To ensure regular review, monitoring and evaluation of services.

4.0 Principles and standards of care

There is commitment to work in a single RAA across the geographical area, to achieve:

- A culture of early permanence planning in order to identify suitable adopters for children at the earliest possible stage during the care planning process to ensure the timeliness of the child moving in with their adoptive family.
- Marketing activity and recruitment of prospective adoptive families to meet the needs of the range of children, including sibling groups.
- Assessment and training of prospective adopters to a consistently high standard.
- Development of services across the range of adoption functions in the RAA through the capturing of stakeholder views and best regional and national practice.

- Matching, linking and adoption support that enables children to live in supportive and safe placements with their adoptive families.
- Pre and Post Adoption support tailored to meet the needs of the children and adoptive families and to deliver this as a consistent package of support across the RAA area.
- Effective and easily accessible Birth Family support.
- Access to consistent and responsive Intermediary Services.

4.1 Children

Providing child-centred services through:

- Placing the child at the centre throughout their adoption journey, including into adulthood.
- Securing early permanence to prevent delay and achieve the best possible outcomes.
- Recognising the child's voice in permanence planning and ensuring communication is effective to enable them to understand their life narrative.
- Creating a sense of belonging for the child, in a secure permanent family and in the wider adoption community.
- Ensuring access to support at the level and time that it is needed.
- Ensuring sufficient adopters to promote the best possible match for the child.
- Children, birth parents/guardians and families and adoptive parents and families are respected and valued.

- Our service is non-discriminatory and anyone seeking to use the Adoption Service is treated with courtesy and respect, and their enquiry dealt with in a timely and sensitive manner.
- Adoption has lifelong implications for all involved. The Adoption Service will work in partnership with other organisations, professionals and individuals to ensure that support services are available as needed to all parties in the adoption process – children, adopters, adopted adults and birth families.
- All parties to the adoption process will have access to the Agency's own complaints procedures and to external complaints mechanisms as set out in legislation, regulations and guidance.

4.2 Prospective adopters

Giving a high-quality accessible service to adopters and potential adopters through:

- Ensuring applicants receive a sensitive, flexible and welcoming service.
- Responding to enquiries from potential adopters in a timely manner.
- Giving prospective adopters clear, realistic and timely feedback at all stages of their enquiry and application.
- Ensuring that adopters fully contribute to an evidence-based assessment, approval and matching process.
- Providing consistent quality of adoption support that is relevant to individual adopter family's needs.
- Identifying and progressing potential matches at the earliest possible stage.

- Providing qualified, skilled and experienced staff to support and guide adopters throughout their journey.
- Offering consistent, high quality, up to date training throughout, to enable adopters to understand the lifelong impact of adoption.

4.3 Adoptive parents

- Children will be matched with approved adopters who can offer them a stable and permanent home. Help and support will be provided to achieve a successful and lasting placement.
- Approved adopters will be given clear information about the matching, introduction and placement process, as well as any support to facilitate this that they may need.
- Before a match is agreed, adopters will be given full written information to help them understand the needs and background of the child. They will have an opportunity to discuss this information with the child's Social Worker, including the implications for them and their family and will be offered a meeting with the person responsible for completing the child's adoption health assessment.
- Adopters will be invited to a Child Appreciation Day for each child if that child is looked after by Together for Children Sunderland or looked after by another local authority who conduct such meetings.
- There will be access to a range of multi-agency support services before, during and after adoption. Support services will include practical help, professional advice, financial assistance where needed and information about local and national support groups and services.
- Adoptive parents will be involved in discussions as to how they can best maintain links, including contact, with birth relatives and significant others identified in the Adoption Support Plan.

Adoptive parents will be supported in working with the child's contact plan.

- Adoptive parents will be encouraged to keep safe any information provided by birth families via agencies and to provide this to the adopted child age appropriately from placement onwards. Support to enable adoptive parents to discuss their adoption journey with the child will be available from the Adoption Service.
- Adoptive parents whose adopted child has decided to explore their birth heritage will be supported to deal with the impact of this decision.
- Where there are difficulties with the placement, or the adoption breaks down, the agencies involved will cooperate to provide support and information to the adoptive parents and the child without delay.
- Adoptive parents will be informed of their right to make representations and complaints.

4.4 Birth families

Providing an accessible independent service for birth families and others affected by adoption which will include:

- Support for birth family members whose children have a plan of adoption and enabling them, at any point, to contribute to the child's understanding of their life story.
- Intermediary services to birth family members and adopted adults.
- A Letterbox Service to facilitate ongoing positive contact between birth families and children.
- Facilitation of direct contact where this meets the child's needs.

Adoption agencies must:

- Ensure that children live with brothers and sisters wherever possible, within a timescale that is best for them and without unnecessary delay.
- Treat prospective adopters and adopters with openness, fairness and respect.
- Make prospective adopters' first point of contact informative and welcoming.
- Via the hub approach adopter recruitment in the spirit of inclusiveness with a view to identifying potential and opportunity – no-one should be automatically excluded.
- Recruit prospective adopters who can meet all or most of the needs of children waiting for, or likely to need, adoption and signpost prospective adopters to other agencies if there is insufficient local demand.
- Explain to prospective adopters the needs and profiles of the children waiting to be adopted.
- Ensure preparation and training, the home study assessment, and approval process are explained and proceed efficiently.
- Regularly review progress on early linking and matching with prospective adopters being assessed and approved across the Adopt Coast to Coast geographical footprint. Link Maker is the chosen solution to achieve this.
- Provide adopters and prospective adopters with information, counselling and support, as and when needed, throughout the adoption journey.
- Provide prospective adopters with information about the Independent Review Mechanism.

- Work in partnership across Adopt Coast to Coast, and with other agencies and the Courts, to ensure that all decisions are timely and joined-up.

Adoptive parents must:

- Be aware that adoption often brings challenges as well as joys.
- Be realistic about the needs of children awaiting adoption and accept that with support adopters may be able to consider adopting a child with a different profile to the child they originally envisaged.
- Make the most of opportunities to develop their parenting skills and seek support when needed at the earliest stage.
- Do all they can to enable their adopted child to feel loved, secure and to reach their potential.

Objectives of the Adoption Service

The Adoption Service as a partner in Adopt Coast to Coast is committed to achieving best outcomes through the continual development and delivery of a range of high-quality services via the Regional Adoption Agency. The Adoption Service continues to operate at a local “spoke” level, under the day-to-day co-ordination of the Head of Service and implement the agreed joint plans, policies and strategies as approved by the Governance Board.

The Adoption Service’s key objectives are:

- Ensure that children are placed, with brothers and sisters wherever possible, within a timescale that is best for them and without unnecessary delay and are matched and placed with prospective adopters who can meet most, if not all, of their assessed needs.

- To ensure that children live with prospective adopters where they are loved, feel safe and are safe, where their physical, emotional and psychological health is promoted. Where they can enjoy their interests, develop confidence, and are supported and encouraged to engage in leisure activities. Where they are supported to achieve their educational potential and where the education and achievements of children is valued and promoted.
- To ensure that contact with birth parents, brothers and sisters, other members of the birth family and significant others is arranged and maintained when it is beneficial to the child.
- To ensure that children have clear and appropriate information about themselves, their birth parents and families, and life before their adoption.
- To support birth parents and birth families to take an active part in the planning and implementation of their child's adoption, wherever possible.
- To ensure that children and adults affected by adoption receive an assessment of their adoption support needs and are provided with the services to meet those needs.
- To ensure that adopted adults and birth relatives are assisted to obtain information in relation to their adoption, and where appropriate contact is facilitated between an adopted adult and their birth relatives if that is what both parties want.
- To ensure that the Adoption Panel and Agency Decision Maker make timely, quality and appropriate recommendations/decisions in line with the over-riding objectives to promote the welfare of children throughout their lives.
- To ensure that children, prospective adopters and adopters are clear about the aims and objectives of the Adoption Service and what service and facilities it provides.

- To ensure that children's cultural and identity needs are met by promoting equality and diversity in the approach with all service users.
- To ensure that The Adoption Service as a partner in Adopt Coast to Coast is informed and developed in accordance with the views of children, young people, and their birth and adoptive families.
- To ensure that children and service users receive a service from staff, managers, volunteers, panel members and decision-makers who are carefully selected, trained, supported and managed to deliver an efficient and effective service.
- To ensure that allegations and suspicions of harm are handled in a way that provides effective protection and support of children, the person making the allegation, and at the same time support the person who is subject of the allegation.
- To ensure that records are clear, accurate, up to date and stored securely, and contribute to an understanding of a child's life.

Adoption Services

Adoption Services are provided to:

- Children and young people who are to be adopted.
- Birth parents of children being placed for adoption.
- Prospective and approved adopters, including those who are seeking to adopt children from overseas.
- Children and their adoptive families who require adoption support services.
- Adopted adults and members of their birth families.

Invitations will be extended to others for example, IT, Performance, Communications and Marketing Officer as per agenda.

The Senior Leadership Team (SLT) will meet on a 4 weekly basis and required membership is the Adoption Manager from each spoke and the Communications and Marketing Officer. The meeting will be chaired by

the Head of Service. It will operate within its functions as described on page 10.

Invitations will be extended to others for example, Adoption Team Managers/Assistant Team Managers/Social Work Consultants, IT or Performance as per agenda.

On a 6 monthly basis OLM and SLT will have a joint meeting to review progress and discuss the priorities for the next 6 months.

6.0 Services provided

The Adoption Service acts as a spoke in Adopt Coast to Coast recruitment, assessment, training and support services for prospective adopters, children adopted, members of the adoptive family, birth families and significant adults.

- The Adoption Social Workers' role includes the recruitment, training and assessment, using the CoramBAAF Prospective Adopter Report (PAR). Adoption Social Workers also provide support and supervision for prospective adopters as well as providing support to children and families post adoption.

- Adoption Preparation training is delivered by staff from the Adoption Service, supported by professionals from across all disciplines working in the area of Cared For Children and by external providers.
- The Adoption Service ensures approved adopters are informed about children needing placement and support them in identifying suitable matches.
- The Social Workers also provide continued support to adopters once they have been approved. They are responsible for overseeing indirect contact between children and birth family members via the Letterbox Service.
- They have primary responsibility for family finding for those children for whom adoption is the plan, involving matching of the child's needs with the skills, abilities and preferences of approved adopters.
- It is sometimes not appropriate to place a child within the Sunderland area. Where a suitable match cannot be identified within Adopt Coast to Coast resources, prospective adopters approved or in stage 2 with ARC will be considered before commencing regional and then national searches.
- Child Appreciation' days are held for all children who are adopted who are usually over the age of 3 years, these meetings enable all professionals and carers of the children to be adopted can meet with the adopters and share all their knowledge of the children. Child Appreciation days can and often are held for children under the age of 3 years however, this is carefully considered prior to being planned.
- The Adoption Service has 5 social workers trained in "Theraplay". Theraplay is a method of enhancing attachment, engagement, self-esteem and trust in others. It is based on the natural patterns of healthy interaction between parent and child, is personal,

physically engaging and fun. It is a type of parent-child psychotherapy used in a variety of settings. Where it is identified as a need, this kind of support is available to some children placed with adopters.

- Prospective adopters participate fully in the placement planning process for each child.
- Where there are any placement disruptions a disruption meeting is held to consider all contributing factors and to plan for the future needs of children, adoptive families and birth families. Clear guidance on the purpose and arranging of this meeting is detailed in the Guidance on Disruption of Adoptive Placements is available.
- Services for birth families are provided by the children and young people locality teams and the Adoption Service and under a Service Level Agreement (SLA) with ARC.
- Birth families are provided with post adoption counselling via a Service Level Agreement with ARC. They are supported with both indirect and direct contact arrangements through the Letterbox Service provided by the Adoption Service.
- The Adoption Service encourages all parties to adoption to use the services provided by the Post Adoption Centre (London) www.pac.uk which offers an information and advice service.
- Should any allegations be made about approved adopters they can be provided with independent support, funded by Together for Children Sunderland.
- Together for Children Sunderland offers out of office emergency social work support to all service user groups.

6.1 Letterbox Coordinator

The Letterbox Coordinator manages the Letterbox Service and helps birth relatives and adopters to develop a positive exchange of information. This includes sending out reminders to adopters and birth parents that a letterbox exchange is due. The social workers within the service checks all items received and prepare scanned copies of the information to be kept on file.

- Social workers from the Adoption Service are involved in the preparation training of prospective adopters and ensure that they are both aware and conversant with the letterbox system in Sunderland.
- Social workers from the Adoption Service provide training and advice to children's social workers in relation to contact planning.

6.2 Adoption Panel

Independent Chair of the Adoption Panel

The Independent Chair is an experienced social work manager who has worked in the area of adoption/ fostering/ Cared For Children/ residential services since 2001.

Adoption Panel Adviser: Michelle Ash

Michelle Ash is an experienced social worker and manager, who has since qualifying in 2004 worked in the area of child protection and adoption. Michelle has extensive experience and knowledge of working to develop early permanence planning.

Information re: experience and qualifications

All Adoption Service providers are legally required to have an Adoption Panel. Adoption Panels have an independent role separate from the Adoption Service provider.

Together for Children Sunderland's Adoption Service has established two Adoption Panels. The Adoption Panels, Red and Blue meet twice each

month. Additional Emergency Panel meetings are arranged where required particularly to avoid any significant delay for a child.

The Adoption Panel works within the same principles and standards of service as the Adoption Agency. Additionally:

- The Panel will take an active role in maintaining the quality of standards of Adoption Services.
- Involvement of children, families and applicants will be maximised.

The key role of the Adoption Panel is to provide independent scrutiny of the proposals presented and to determine whether:

- All the issues have been clarified.
- The proposal is sound.

The Panel can then make a recommendation about the following:

- Recommending whether a prospective adopter is suitable to adopt a child.
- Recommending the “match” between a child and a particular prospective adopter.
- Adoption Panel is involved in cases where there is no court scrutiny of the adoption plan because birth parents are in agreement with it. In such cases CPR will be presented to the Adoption _Panel for consideration and recommendation.

The Adoption Panel also provides advice regarding:

- The provision of adoption support for particular adoptive families.
- The number of children the prospective adopter may be suitable to adopt, their age range, gender, likely needs and background.

- The arrangements for allowing any person contact with a particular child.
- Whether the parental responsibility of any parent, guardian or the prospective adopter should be restricted for a particular child, and if so, the extent of any such restriction.

Details of the Adoption Panel's membership are available in booklet form. All Panel members are required to sign a Panel Member's Agreement.

The Panel Adviser and the ADM will undertake the annual appraisal of the Panel Chair.

An experienced Panel Administrator supports the work of the Panel.

See Appendix 1.

6.3 Adoption support services

We understand that placing children in adoptive families is only the beginning. Supporting the placement and recognising the ongoing needs of the adopted person alongside those of their birth and adoptive families is equally important.

There is a statutory responsibility to provide an Adoption Support Plan for every child placed for adoption. The plan must cover the support needs of the child together with those of the adoptive family.

The following information outlines our current arrangements and the services provided.

In Sunderland the responsibility for drawing up the plan lies with the child's social worker with support from the child's Adoption Social Worker. The format used for the assessment and drafting of the Support Plan is the CoramBAAF document.

This covers the following key areas:

- Health
- Education
- Emotional and behavioural development
- Identity
- Financial and resources support
- Social presentation
- Self-care skills
- Contact

6.4 Post Approval and Post Adoption support

The Adoption Service offers a range of post-approval and post adoption support for people who have been adopted, birth families and adopters. We prioritise resources focused on maintaining the relationship between an adoptive child and their adoptive family.

- Adoption support services are provided to adoptive families approved by Adopt Coast to Coast before and after placement.
- The Adoption Service will liaise with the child's Social Worker to ensure that any additional services required, such as therapeutic support, is identified, assessed and an appropriately qualified provider is identified to deliver the service.
- Support services are also provided to adoptive families (including those children within families) living in the Sunderland area that meet the criteria for adoption support services.
- Following approval, adopters continue to be supported by their allocated Adoption Social Worker, who assists them in identifying a suitable match with a child/children awaiting adoption.
- The Adoption Social Worker remains allocated to the family until an Adoption Order is made and beyond if required.

- Prospective adoptive parents and children placed with them are entitled to support from services for Cared For Children, whilst the child is placed, prior to an Adoption Order being granted.
- The Adoption Service offers a range of training to adopters to increase their knowledge and understanding on subjects including Caring For Children who have been Sexually Abused, Managing Challenging Behaviour, Developing Secure Attachments and Valuing Diversity.

Adoption preparation training is delivered by staff from the Adoption Service, supported by professionals from across all disciplines working in the area of Cared For Children and by external providers.

Leaflets advising of the range of services offered are freely available.

- Leaflets advising of the range of services offered are available to adopters and information can be shared and discussed with social workers from the Adoption Service.
- When therapeutic or other adoption support services are identified as needed and are not available from universal services or services for Cared For Children, spot-purchase funding can be available and funded through the ASF or Together for Children Sunderland.
- Assistance is given to access mainstream education services and to ensure all appropriate arrangements have been made for the child's education, prior to the granting of the Order.
- Assistance is also given to support prospective adopters to promote the child's participation in leisure activities and trips.
- Support with the planned future contact arrangements is considered and reviewed as part of the child's Adoption Support Plan.
- Adopters can support groups such as "Crafty Kids" a 6 weekly session attended by adopters and children. There is also an

adopter led playgroup and a support group that meets bi-monthly for training and discussion. Information about the groups is provided to all adopters.

- Together for Children Sunderland provides adoption allowances, where required, to ensure the adopters can care for the child. The allowance is paid weekly and is needs-led, means tested and is subject to annual review or with any changes in circumstances.
- Adopters are encouraged to participate in a range of activities that take place for all adopter families during school holidays. This promotes a sense of belonging within the service, and children in care, birth children and adopters all appreciate the opportunity to socialise with each other.
- The Adoption Service operates a confidential Letterbox Service, providing safe and proactive contact arrangements for the exchange of information between adoptive families and birth families. The Adoption Service can hold information from birth families and people who have been adopted which can be exchanged with agreement.
- Where adopted people, under the age of 18, seek further information and possible contact with their birth family, the Adoption Service offers counselling and other appropriate services. This is usually in conjunction with the adoptive family.
- Where adopted people over the age of 18 ask for further information and possible contact with their birth family, the Adoption Service offers counselling and acts as an intermediary. The Adoption Service strongly supports the National Adoption Contact Register so that all parties to an adoption can record their mutual willingness to be approached. An intermediary service will be available when a link has been made on the register.
- Where birth families contact the Adoption Service seeking further information and possible contact, we will act as an intermediary if the whereabouts of the adult who has been adopted are known.

7.0 Staff supervision, development and training

- Our Supervision Policy is in place; members of staff receive regular supervision and annual Performance and Development Reviews (PDRs) to identify professional training and development needs.
- Adoption Panel members have annual appraisals completed by the Panel Chair and the Panel Adviser.
- Staff supervision covers professional practice, learning and development, reflection on specific issues and cases, caseload discussion, monitoring of professional service delivery and agreeing actions.
- Regular adoption training is available to and provided for all staff and Panel members and this can focus on the training needs of an individual or team. Training is arranged with suitable providers and focuses on a variety of topics, including when necessary new legislation or developments within adoption.

Together for Children Sunderland also subscribes to Coram BAAF an organisation that can provide practice and research literature as well as publicity about children needing adoptive families throughout the UK and training.

8.0 Process for recruiting, preparing, assessing, and approving prospective adopters

The following is a summary of the procedure for recruitment, preparation, assessment and approval of adopters. All timescales comply with the relevant regulations.

8.1 Recruitment

The recruitment is managed by the hub through a dedicated Marketing and Communications Officer working closely with Communications leads in each of the spokes. The recruitment activity is supported by a new website, Facebook page and Instagram account. An online enquiry form

has been developed for the website and the dedicated Adopt Coast to Coast telephone number is answered by experienced call centre within Durham County Council. The performance and ongoing training needs will be monitored and met by the hub. The recruitment activity is supported by a dedicated year 1 budget and a recruitment strategy.

The recruitment activity will be influenced by management information on children, (numbers referred, gender, ages, groups of brothers and sisters, children's needs etc.) to inform, prioritise and target recruitment to meet the needs of children across Adopt Coast to Coast requiring adoption.

Information packs are available electronically via the website to provide advice to enquirers on a full range of adoption issues and support services which are available throughout the adoption journey.

Adopt Coast to Coast recognises the value in attracting applicants from diverse backgrounds. Advertising material and written information are designed to highlight children's needs for safe and stable parenting whilst emphasising that enquiries and applications are encouraged from people from a wide variety of backgrounds.

The marketing approach to adoption recruitment seeks to raise public awareness of the needs of children and the rewards and challenges of adoptive parenting. Recruitment activity and preparation groups will be coordinated regionally to maximise opportunities for prospective adopters to commence their journey with Adopt Coast to Coast.

With the support of the hub, Together for Children with Cumbria and Durham Adoption Services hold regular information events and offer bookable appointments in addition to the opportunity to speak to a duty officer without a prior appointment. The information events have been virtual during 2020/21, however when it is safe to do so these will increase to include face to face opportunities at various locations across the Adopt Coast to Coast geographical footprint. These events will take place on different days (including weekends) and at different times (including evenings) to ensure they are accessible to as many people as possible. Both the face to face and virtual events provide opportunities

for enquirers to talk to experienced Adoption Social Workers and adoptive parents.

Initial enquiry

People who wish to enquire about adoption can access information from the website and then complete an online enquiry form. Once this is received an Adoption Social Worker will contact the enquirer to begin to gather information. A decision will then be made by both parties whether or not to proceed with an initial visit.

Initial visit

Initial visits are undertaken to prospective adopter within 2 weeks of receipt of the enquiry subject to the availability of the enquirer. This is an exploratory session to enable a two-way sharing of information. The Team Manager considers the prospective adopter's information to decide whether they should be invited to submit a Registration of Interest form. Once a Registration of Interest form is received and accepted the enquirers move into Stage 1 of the adoption journey.

Stage 1

Checks, References and Medicals

The assessment of an adopter's suitability will take account of a range of safeguarding and vetting processes designed to protect children from harm, abuse or exploitation.

All adoptive applicants are required to provide proof of identity and to give written consent to a comprehensive range of enquiries, checks, reports and references being obtained by the Adoption Service from other organisations or individuals. The requirement for Enhanced DBS checks applies to all residents in the prospective adopters' household who are 16 years or over. Applicants are required to consent to medical information being provided following a medical examination.

Information Counselling and Preparation

During Stage 1, prospective adopters are required to participate in a series of group preparation sessions where possible. The preparation sessions will be offered monthly; facilitated by Together for Children and

Durham jointly and Cumbria alternative months. The success of the virtual preparation groups held in 2020/21 offers greater opportunity for prospective adopters to participate in the preparation virtually and as such they are not limited to the sessions held in their local area. Topics included in the information, counselling, and preparation training programme are as follows:

- Why children need adoption
- Parenting/adoptive parenting tasks
- Separation and loss
- Attachment and bonding
- Communicating with children
- Adoption triangle
- Prospective adopter assessment process and requirements
- Role of the Adoption Panel applicants' attendance
- Medical and background issues affecting children's development/behaviour
- Managing behaviour
- Safe care and caring for an abused child
- Life story work and preparation of children for placement
- Case studies for approval and matching of children
- Introductions of child into adoptive placement
- Contact issues
- Talking to a child about adoption
- Post placement issues and adoption support
- Legal requirements
- Rights/needs of adopted adults-access to records
- Concurrent Planning and Fostering for Adoption

The groups are led by experienced Adoption Social Workers with the assistance of social work colleagues, other professionals and experienced adopters. The groups provide an opportunity for those attending to increase their knowledge and understanding of the lifelong implications of adoption for all involved.

Additional opportunities for learning are available following attendance at preparation groups. This is facilitated by meeting other adoptive

parents, use of the adoption team's resources includes a range of books/DVDs on childcare and adoption issues as well as access to the varied programme of training available to both adopters and foster carers.

Once all references and checks are received and the mandatory training is completed, the Team Manager will review the application and decide if the prospective adopter can proceed to Stage 2. If the applicants are suitable to proceed, they have up to 6 months from receiving the letter notifying them of this to return their completed Stage 2 agreement. If the Stage 2 agreement is not received within the 6 months deadline, the prospective adopters would have to start from Stage 1 should they wish to continue their interest in adopting.

If the prospective adopter is not suitable to proceed, they will receive a letter to this effect stating the Agency's reasons. There is no formal appeal at this stage, however Together for Children's complaints process could be utilised.

Stage 2

Assessment and Approval of Prospective Adopters

On receipt of the signed Stage 2 agreement, the allocated Adoption Social Worker would complete the assessment. This must be considered by the Agency Decision Maker (ADM) within 4 months.

At the commencement of Stage 2, the prospective adopter will be given the opportunity to register with Link Maker and create a profile. This is not a requirement; however, it will more easily support the practice for early linking and matching. The Adoption Social Worker will offer support and guidance.

Applicants are encouraged wherever possible/practicable to make their own written contribution to the assessment. Self-evaluation combined with professional evaluation and judgement is crucial to the assessment and decision-making process.

Completed assessments are presented to one of the Adoption Panels for a recommendation and the minutes of the Panel along with the assessment paperwork are considered by the ADM in coming to their decision.

Applicants are invited to attend the Adoption Panel and are informed verbally and in writing of the outcome of their application.

If the Panel recommendation is that the prospective adopter is not suitable to adopt a child, a 'qualifying determination' letter will be sent by the ADM. The applicant can request a review either by the Agency or the Independent Review Mechanism (IRM). Full information on this and the decision-making process is available in the Adoption Team's Policies and Procedures.

8.2 Adoption Panel – approval of adopters

- The completed assessment is presented to the Adoption Panel by the Adoption Social Worker.
- Applicants are invited and encouraged to attend the Panel meeting.
- The Panel discusses the content of the assessment and asks any questions it has before reaching a recommendation.
- The independent Panel chair will inform the applicant/s of the recommendation/s about suitability to adopt.
- The recommendation(s) are then considered by the Agency Decision Maker (ADM) who makes a final decision on behalf of the agency.
- All applicants are notified verbally, and in writing, of the Panel's recommendation/s and of the ADM's decisions.

- **Appeal:** Where the decision is that applicants are not considered suitable to adopt a child (a qualifying determination), applicants are informed in writing, giving reasons for the decision.

Applicants have 28 working days to decide whether to:

- Accept the decision and withdraw OR
- Make representations to the Agency Decision Maker OR
- Apply to the Independent Review Mechanism (IRM).
- Where applicants make representations to the ADM or the IRM, the final decision will be made by the ADM.
- If applicants are still dissatisfied, they may use Together for Children Sunderland complaints system.

9.0 Monitoring and reviewing the service

Various processes are in place to monitor and review the service:

- Children's permanency plans and adoption plans are monitored by the Independent Reviewing Officers, Team Managers, Service Managers and by an audit system.
- The Adoption Panel monitors those children who are approved for adoption but are not yet placed within a 6-month period.
- After each Panel a questionnaire will be sent to all attendees, seeking their views and feedback. The outcome of these questionnaires will be incorporated into the Panel annual report and discussed at the Annual Business Meeting.
- Each member of the Adoption Panel receives an annual appraisal and the general outcomes of these appraisals are reported back to the Panel.

- The quality of reports is monitored by the Adoption Panel and reported to the agency every six months.
- The agency's performance, numbers of adopters approved, numbers of children approved and time scales for children's progress through the adoption system is reported to the Senior Management Team every six months, and to the Department for Education annually via the Adoption Special Guardian Leadership Board (ALB) Return.
- Statistical information relating to the number, location and type of referrals received via the Adopt Coast to Coast hub and is analysed and informs our recruitment strategy.
- Preparation and training courses for adopters are regularly evaluated and the activities of the Adoption Panel are evaluated. These evaluations are used to develop the service.
- All employee files are audited to ensure compliance and that all relevant checks are up to date.
- The Statement of Purpose is reviewed by members of the agency and Together for Children Board.

Numbers of adopters, children placed for adoption and adoption support provided

Adopt Coast to Coast on behalf of Together for Children Adoption is committed to recruiting a range of adopters who will meet the needs of the children and young people who require adoption.

Prospective Adopters come from a wide variety of backgrounds and the hub aims to recruit carers from all cultural, religious, ethnic, racial, and linguistic backgrounds. This enables Adopt Coast to Coast to match their prospective adopters with the specific identified needs of the children and young people requiring permanence via adoption.

Where prospective adopters cannot be found locally to meet the needs of children with a plan of adoption, adopters are sought countrywide through Linkmaker to ensure that children are placed with their forever family without delay.

Between 1st April 2020 and 31st March 2021

- A total of 20 adoption households were approved
- 53 children were approved suitable for adoption with 39 children matched with prospective adopters
- 28 children received their Adoption Order

10.0 Complaints, allegations and compliments

Together for Children Sunderland welcomes complaints, comments and suggestions about services from service users, their families, carers or representatives. The complaints procedure recognises the vulnerability of complainants and the need to resolve complaints at the most informal level possible. The Adoption Service encourages feedback from people (including children) about the service they received. With partners in Adopt Coast to Coast the Head of Service will lead on monitoring and quality assurance as detailed earlier in the Adopt Coast to Coast Governance arrangements section. This feedback is then used to inform future service planning and any “lessons learned” are communicated to relevant staff:

- All Cared For Children who make a complaint can be provided with the services of an advocate via the IRO service.
- A “Children’s Guide to Adoption” (“Your Guide to Adoption”) is given to every child placed for adoption (or, dependent on the child’s age and level of understanding, to their prospective adopter) and includes the telephone number of the Independent Reviewing Officer and of OFSTED. There are 2 guides available for children, one for children aged 0-11 and one for children aged 11 years and over.

- We encourage adopters to help their adopted children to participate in any consultation opportunities.
- Adopters, prospective adopters and birth families are clearly entitled to use, and are made aware of, the complaints procedure if they feel they cannot resolve a difficulty with the individuals concerned or their managers
- Adoption Service staff are knowledgeable about the complaints procedure and comprehensive guidance is available on how to handle complaints.

10.1 The complaints procedure

- The complaints procedure has two stages, formal and informal
- Informal complaints are usually dealt with by the Manager of the Service concerned, and as quickly as possible.
- If the complaint is serious, or if someone is not satisfied by the action taken by the manager, the complaint can be registered as a formal complaint.
- An Investigation Officer, who is not directly involved in providing the service, will be appointed. The complaint will be acknowledged within seven days and we will respond to the complaint within 28 days. If we are unable to do this, we will advise the complainant and agree a timetable for a full response.
- If the complainant is dissatisfied with the outcome, they have 28 days to ask the Complaints Reviewing Officer for the Department's response to be reviewed. An Independent Review Panel will be held within 28 days of that request. The Panel will consist of three people, one of whom will be 'independent' of the local authority.
- This person will Chair the Panel. The complainant will be sent the recommendations of the Panel within 24 hours of the decision

being made. Complainants also have the right to contact their local Councillor or Member of Parliament.

- Applicants to become adopters, who are not accepted for approval on the recommendation of the Adoption Panel and/or the decision maker, are able to ask for their case to be reviewed by the Independent Review Mechanism (IRM). Details of this process are made available to applicants during preparation and assessment. Information is available on the IRM from their website www.independentreviewmechanism.org.uk or via email irm@irm.org.uk or by telephone on 0845 450 3956
- The IRM has the following timescales:
 - ✓ Applicants have 40 days from the agency decision to contact the IRM.
 - ✓ The Adoption Agency will be contacted to produce relevant documents within 10 days.
 - ✓ The IRM will set up a panel within 3 months of the application.

10.2 Adoption Panel complaints and representations

Any complaint specifically about the Adoption Panel should be directed to the Panel Adviser or Chair in the first instance, to assist resolution. If the matter cannot be resolved at stage one, then the usual complaints procedure for Together for Children Sunderland will be used.

In the event that someone wishes to make a complaint they may contact:
Tel: 0191 561 7997
Email: complaints.children@sunderland.gov.uk

10.3 Registration information

Name and Address of Registration Authority:

OFSTED
National Business Unit
Piccadilly Gate
Store St

Manchester
M1 2WD
Telephone: 0300 123 123

Voluntary Adoption Agencies are inspected by Ofsted at least once in a three-year cycle.

All adoption agencies are requested to complete an annual adoption quality assurance and data form. This data is used to inform inspections and to help Ofsted to decide whether an inspection is required within the coming year's cycle. The annual cycle is between 1 April and 31 March each year.

Ofsted, the government office for standards in education, children's services and skills, found Together for Children's Voluntary Adoption Agency to be Good and rated the effectiveness of leadership and management within adoption as Outstanding.

The Ofsted report for adoption states that:

- The agency recruits, assesses, prepares and trains prospective adopters well. This means that they are well equipped to parent the children they go on to adopt and to provide them with stable and nurturing homes.
- Adoptive families are provided with a wide range of training that is appropriate to their needs.
- The agency's provision of adoption support, both for children before their adoption and for them and their families after adoption, is creative and proactive and of excellent quality.
- The leadership and management of the agency is innovative and inspirational.

Ofsted praises creative, innovative and proactive ways in which support is provided to adoptive families and their children and how the agency is able to place children with their adoptive families in a timely manner with

successful use of Foster for Adoption placements. The report also comments on excellent developmental training for team members.

10.4 Allegations

Any complaint, allegation or concern about a child involving possible injury or harm to a child, including historical complaints, will be investigated within the existing Sunderland Safeguarding Children Board Procedures.

Appendix 1

Membership of Together for Children Sunderland's Adoption Panels

Central list

Panel members are drawn from a list of people whom it is considered have the appropriate qualifications and/or experiences to consider cases submitted to the Adoption Panel.

There is no limit to the number of people who are on the central list and the same people do not have to be appointed to every Panel.

Together for Children Sunderland's Adoption Service will decide how many Panel members should sit on each Panel meeting, subject to the Panel meeting being "quorate" (a certain number of people need to be present for the meeting to go ahead). Panel business can only be conducted if there are at least 5 members present, including the Chair or Vice Chair and the Adoption Social Worker. Where the Vice Chair has to chair the meeting and is not an independent, at least one independent member must be present for the Panel to be quorate.

The Panel should not be so large so that it is difficult to chair and could be seen as rather overwhelming to prospective adopters attending the meeting.

The central list in Sunderland includes:

- A Chairperson – an independent person with the necessary skills and experience.
- Three social workers, each with at least three years' relevant post qualifying experience in child care social work, including direct experience in adoption work. The social workers do not need to be employed by the agency.
- Two elected members of Sunderland City Council, preferably with experience of Child Care Services.

- The Medical Advisers– will have expertise in child health and health related issues.
- Other persons – “independent members”, including where practicable at least two persons with personal experience of adoption. This could include specialists in education, child and adolescent mental health, race and culture and those who have personal experience of adoption.
- Additionally, a Legal Adviser to the Panel will be identified, who may or may not be a Panel member. The Legal Adviser is a qualified solicitor who is well experienced in child and family law and is also a member of the Law Society’s Children’s Panel.

Agency Adviser to the Adoption Panels

The Agency Adviser to the Adoption Panels is a senior member of staff with at least five years’ relevant post-qualifying experience and relevant management experience.

The Agency Adviser is not a Panel member but should attend Panel meetings. Where necessary another Agency Adviser will deputise.

Vice Chair of the Panels

Two members of the Central List have been appointed as Vice Chairs, with responsibility for acting as the Panel Chair if the Chairperson is absent or the appointment is vacant.
